

WORKSHOP ON DIGITAL ARCHIVING FOR ENDANGERED CULTURES

Creating Community Archives Using Wikimedia

The workshop is designed for both beginners and experts, particularly those focused on preserving the cultural heritage of underrepresented or endangered communities in Bengal and surrounding areas. It is also ideal for those who wish to share their community's knowledge via Wikimedia.

Workshop Benefits:

- Learn how to set up a **digitisation project** on a budget.
- Gain hands-on experience in sharing **digital archives** with a global audience for free.
- Contribute to **Wikimedia in your mother tongue**, enhancing the visibility of your community's heritage.
